## SA731 'WHITE FARM RANGER'

The White Farm Ranger is a bird similar to our SA431. It is white feathered with yellow flesh and shanks, again with increased maize diet the yellow in the flesh is enhanced. The SA731 can expect to be a weight of 3.6kgs\* at 91 days, the bird can however be taken over this period with some clients reporting weights of 4.5kg (10lbs)\* for females and 5.4kg (12 lbs)\* for males by 105 days. This bird is an ideal 'Christmas' style chicken that can be fully enjoyed every week of the year.

**BODY WEIGHT AND CUMULATIVE FCR FOR SA731\***

\* These results are indicative performance subject to seasonal effects and local rearing conditions
