'Label' Guinea Fowl

Enjoying an increasingly growing market guinea Fowl offers an alternative dish somewhere between chicken and pheasant. It also offers a gamey taste that can be enjoyed throughout the whole year with no close of season. Our guinea fowl come from the established Grelier hatchery in France where selective breeding have created a heavier more robust bird that has, by some clients reached weights of 2.3kg* if taken to 20 weeks of age. More typically we would expect 1.7kg* by 91 days.

BODY WEIGHT AND CUMULATIVE FCR FOR 'LABEL' GUINEA FOWL*

* These results are indicative performance subject to seasonal effects and local rearing conditions
